

## Current Employment

By Primary Line of Business by Major Occupational Groups

Current employment in critical occupations at organizations that responded to the survey, grouped by major occupational category and each organization's primary line of business. 'Integrated' organizations are large vertically integrated organizations that are involved in multiple lines of business.

Results for the following are not displayed in the chart due to the small sample of companies responding: Transmission (Engineers/Technologists Technicians; Key support occupations), Retail (all), Renewables (all).
